Bob -

Well, I can't call you husband yet in the

short time) Give know you I can at least

call you a friend (and I will think you're a

great guy when though you won't listen to me) I

remember when Jackie first got me the date

with you. I didn't think she was serious as I

didn't think much about it. When when you

called I didn't know what to do. I had you

pictured quite differently - a bigger frame for

that husky voice I can never hear - but I

wasn't disappointed. Am still not and if we

keep dating you're going to have to learn to put

up with a lot of things; like this stupid

old (these who won't be going to the beach to -

messes?) I hope we see a lot of each other

this summer. Maybe we can even together.

Best of Luck,
Linda

G.A. And I do like your truck —
I guess.

Bob - is one
really neat
guy. I've a black
this coming year.
Good Luck. Love,

Hi ugly,
you are really
a big tease and
have had a lot of fun
kidding you. Always stay
the same as you are and
you'll be a big success (with the
girls.) Some day I'm going to
think of a name to call you.
Lots of love "E" "TB"

For the second consecutive year, the drama department presented an unusual play by Thornton Wilder. It was a satiric story of the extraordinary adventures of the Antrobus family, going down through the ages, from the time the great wall of ice crept over the world to the end of the war—any war. The family have survived a thousand calamities by the skin of their teeth, and the whole play is a testament of faith in humanity.

CLASSROOM ACTIVITIES

The Industrial Arts encourage the student to use his talent in working with tools and materials of several trades, including wood-working, metal work, and crafts.

Students procure a cultural and historical knowledge and appreciation of the spanish-speaking people while learning to read and speak Spanish.

Exploring plant and animal life in a biology classroom opens many new horizons.

A view into the industrial and technical aspects of life is given in the four classes offered in Mechanical Drawing.

Some of the various mathematic courses reach every student, giving him an understanding of figures, formulas, and unknowns.

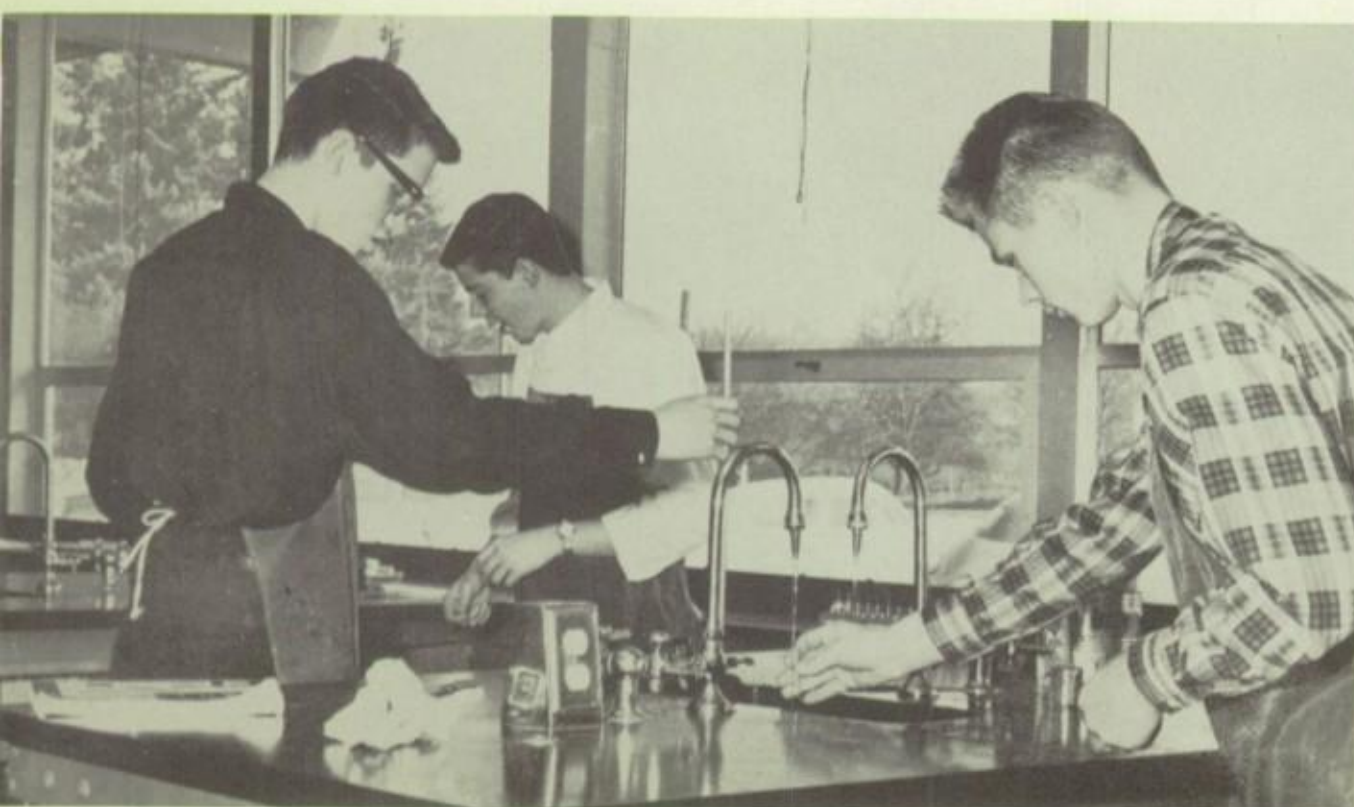

Slides, films, newspapers and other media help present the German life and culture to those studying the language.

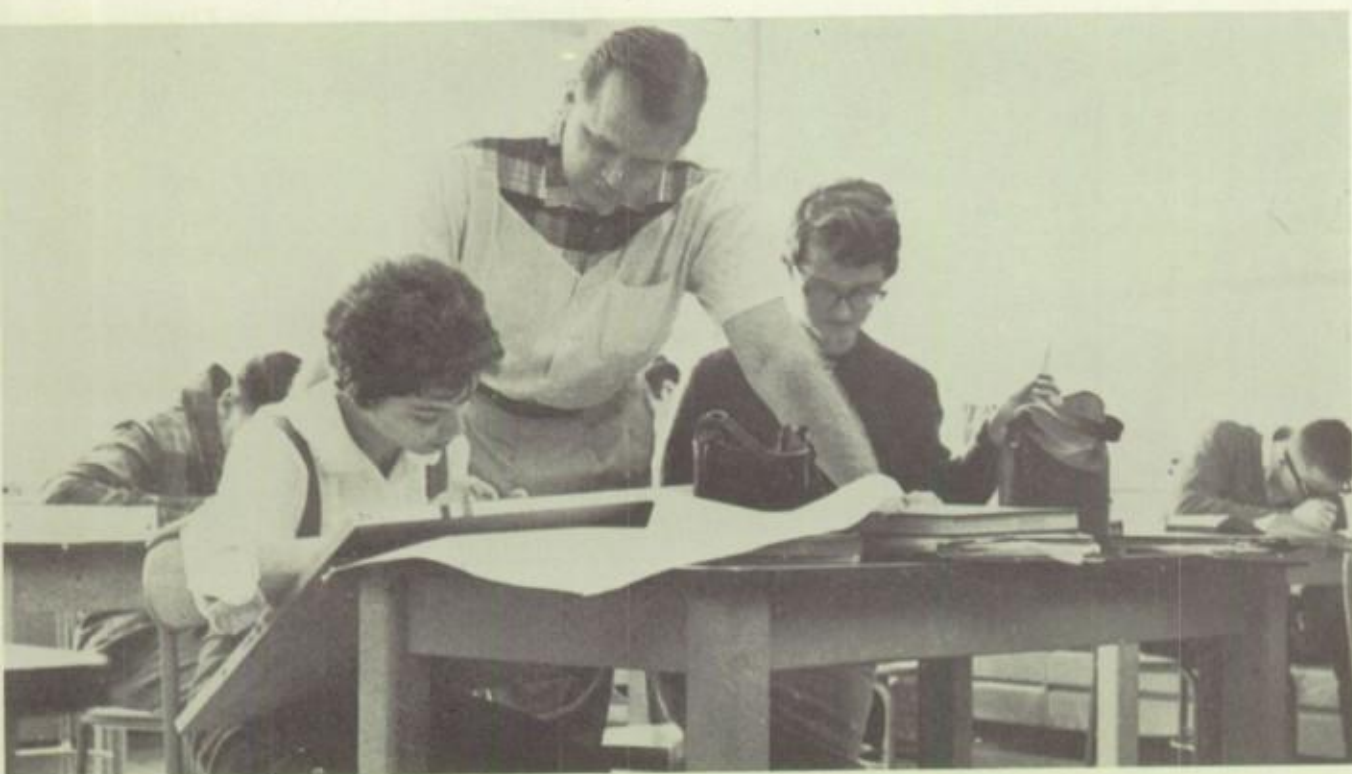

In homemaking, girls become acquainted with responsibilities of family life, cooking, and sewing.

The library is the center hub of the school. Here students come to choose reference material, periodicals, and reading matter.

Labratory experimentation and demonstration result as chemistry pupils seek understanding of all matter.

Acting, producing, lighting, make-up, backgrounds, management, and all phases of drama aid the student in developing poise and dramatic expression as he puts his talents and skills to work.

Students develop artistic abilities, and are encouraged to express them in school activities.

During the lunch periods, the distributive education class manages the student store, supplying pupils with everything from peanuts to pencils.

CENTENNIAL DAY

The Clackamas Cavaliers celebrated the 100th anniversary of Oregon on March 13, 1959. Nearly the entire student body participated in the occasion by dressing centennial fashion. There were costumes all the way from those of an Indian maiden to those of a Western marshall. That evening, a Centennial Dance sponsored by G.A.A. was held and was a big success.

The 1959 Basketball Court was crowned at the Basketball Bounce which was sponsored by Lambda Chi after the homecoming game with Milwaukie. Queen Pauline Myers and Princesses Faye Fulmer and Heather MacArthur ruled over the dance.

The Centennial Dance was held on Friday, March 13th and sponsored by Girls' Athletic Association. The centennial costumes were also worn that day to school.

The Slave Sale was sponsored by Future Teachers of America and held during noon hours in the cafeteria. Among their other various activities are cake walks and cake sales.

"Okay wise guys—you've had your fun."

"Quick! Somebody give me a safety pin, the elastic in Church shorts just broke!"

"The cupboard was bare?"

"Hurry! Hide the arsenic we use in the lunches!"

"She's going to pin him—stalking her man."

"And then he hit me right here."

"Must be a good speaker up front!"

"Oh—did I fall asleep again?"

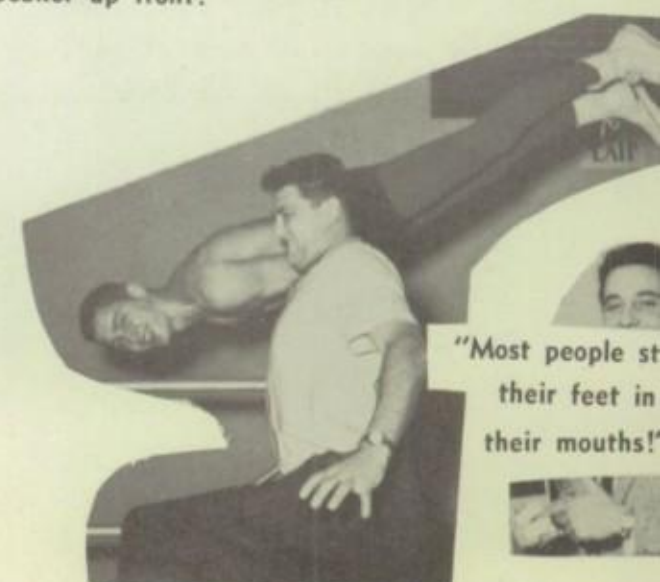

"Jump—don't be a chicken—Splash!"

Dear husband,

Well you told me to write a full page + that is what I am aiming to do, we had fun in English + dancing at noon when we were married.

I remember when you were taking Joyce out all the fun she and I had talking about you. (good things)

I hope that we can get together sometime this summer.

you are a good looking guy and the only trouble is, you know it. Ha

I want to wish you good luck in everything you do, and I hope we get in some classes together ~~at~~ next year. Well I guess you know how much I love you + am so crazy about you. (Happy now)

Good luck friend,

Barbara
